# Bernina Express

From glaciers to palms

High up to the glacial glitter of the mountains, deep down to the palm tree paradise of Italy: the Bernina Express, the highest railway line across the Alps, connects northern Europe with the south. And it does so in a brilliant way: the railway line blends in perfectly with the grandiose mountain landscape. Here, the enjoyment of nature and cultural experience become one, here it becomes the most beautiful experience in the Alps! The line between Thusis and Tirano has been listed as a UNESCO World Heritage site since 2008. Over 122 kilometres through 55 tunnels and over 196 bridges: the route of the Bernina Express is an engineering masterpiece.

On 3 June 1973, a Bernina Express ran for the first time on the legendary Albula and Bernina line. Around 10 million guests have travelled in the comfortable panorama cars since then. The Rhaetian Railway is celebrating this 50th anniversary with various activities.

## Highlights

### Panorama coaches

Thanks to the huge panorama windows all the viaducts, gorges, glaciers and mountains seem close enough to touch. The coaches are all air-conditioned and provide a high standard of comfort.

### Route explanations via loudspeaker

So that all our passengers discover the most interesting things along the way we provide multi-lingual information over loudspeakers.

### InfoT(r)ainment

Fascinating information and stories about the Bernina Express and the RhB UNESCO World Heritage sent straight to your smart phone or tablet.

### Photo stop at Alp Grüm

Enjoy the unforgettable view on the north – south connection: beautiful view of the Palü glacier, the Bernina massif, the Alps and the entire Puschlav valley! A special experience thanks to the new photo spot, an information posts and a station clock with bell.

### Local specialties and souvenirs at your seat

The included local specialties and other delicacies turn the trip into a journey of culinary pleasure. And with a souvenir you can take a little bit of your holiday home with you. Also available online: [www.rhb-shop.ch](http://www.rhb-shop.ch)

### The Bernina Express bus

If you want more southern feeling you can continue your trip on the Bernina Express bus. The journey from Tirano to Lugano takes you past vineyards and picturesque little villages alongside Lake Como.

# Enjoy more with the Bernina Express

A journey on the Bernina Express is something unique. Unique are also the new catering services at the seat: each passenger receives an exclusive Bernina Express iced tea and fine chocolate hearts in a Bernina Express souvenir box.

On its journey from the rugged heights of the Bernina Massif down to Tirano in Italy, the Bernina Express passes through the sunny Valposchiavo. There, on the lush meadows around Le Prese, the fine organic herbs thrive, which give the exclusive Bernina Express herbal iced tea its unique taste.

The traditional manufacturer Lindt is responsible for the heart-shaped treats. Packaged in an exclusive shape of a Bernina Express carriage, the chocolate hearts bring passengers moments of happiness and provide lasting sweet memories even after the journey is over.

A journey with the Bernina Express –

## Albula and Bernina line

From Thusis, the RhB climbs through helical tunnels and over viaducts up the Albula Valley towards St. Moritz. This line, embedded harmoniously in the landscape, is a showpiece dating back to the time of railway pioneering and is part of the RhB UNESCO World Heritage.

The Bernina line between St. Moritz, Valposchiavo and Tirano connects the north and south of Europe. It travels past mountains, beside lakes and glaciers on its way down to the palm trees in Valtellina. The famous panoramic route belongs to the RhB UNESCO World Heritage – a brand name.

## Highlights

### The Morteratsch glacier

The view of the Morteratsch glacier and the world-famous Montebello bend show, in an exemplary fashion, that the railway pioneers considered the tourists' view when planning the route.

### Bernina Diavolezza

The Diavolezza package deal on the Bernina Express spirals its travellers away and up to the heights of the Diavolezza mountain station – at 2,978 m above sea level – with its beautiful views across the legendary glacier world of the Bernina massif.

### Ospizio Bernina / Lago Bianco

The roof of the Rhaetian Railway lies at 2,253 meters above sea level. The adjoining Lago Bianco enchants travellers with its unique colouring.

### Valposchiavo / Lago di Poschiavo

The southern Alpine valley invites you to hike, stroll and enjoy regional specialities. The view of Lago di Poschiavo in Le Prese is also worth seeing.

### The Brusio circular viaduct

The circular viaduct in Brusio is considered the most spectacular structure on the Bernina Line. The viaduct winds elegantly around 360 degrees, to compensate for the difference in elevation in the narrow Valposchiavo.

### Italianità in Tirano

The Italian town of Tirano is the southern starting point of the Bernina line. The pilgrims' church of Madonna di Tirano dominates the quaint old-town. Palazzi and gelati induce that Italian feeling.

## Albula line

### Highlights

#### Albula railway museum

Showing 600 exhibits from more than 100 years of railway history, which bear witness to the pioneering achievements in Graubünden; of the people who shaped the railway – and the landscapes that shaped the people.

#### Nostalgic dining car "Gourmino"

Pamper your senses in the Gourmino dining car: for your eyes is the impressive landscapes outside, inside, for your taste buds, our chefs prepare the freshly-cooked meals.

#### A railway engineering masterpiece

The 62-kilometre long Albula line opened in 1903. It is regarded as a masterpiece of technical construction and route planning, especially because the geography and the railway merge into a homogenous landscape.

### For toboggan fans: Preda/Darlux – Bergün

First take a train up to Preda in the direction of Bergün to start the fun on a toboggan. The more courageous ride up with the chairlift to Darlux and toboggan down the steep slope to Bergün.

### The world famous Landwasser Viaduct

It is the largest and most spectacular construction on the 62-kilometer Albula line between Thusis and St. Moritz: the Landwasser viaduct intrigues experts and laymen alike.

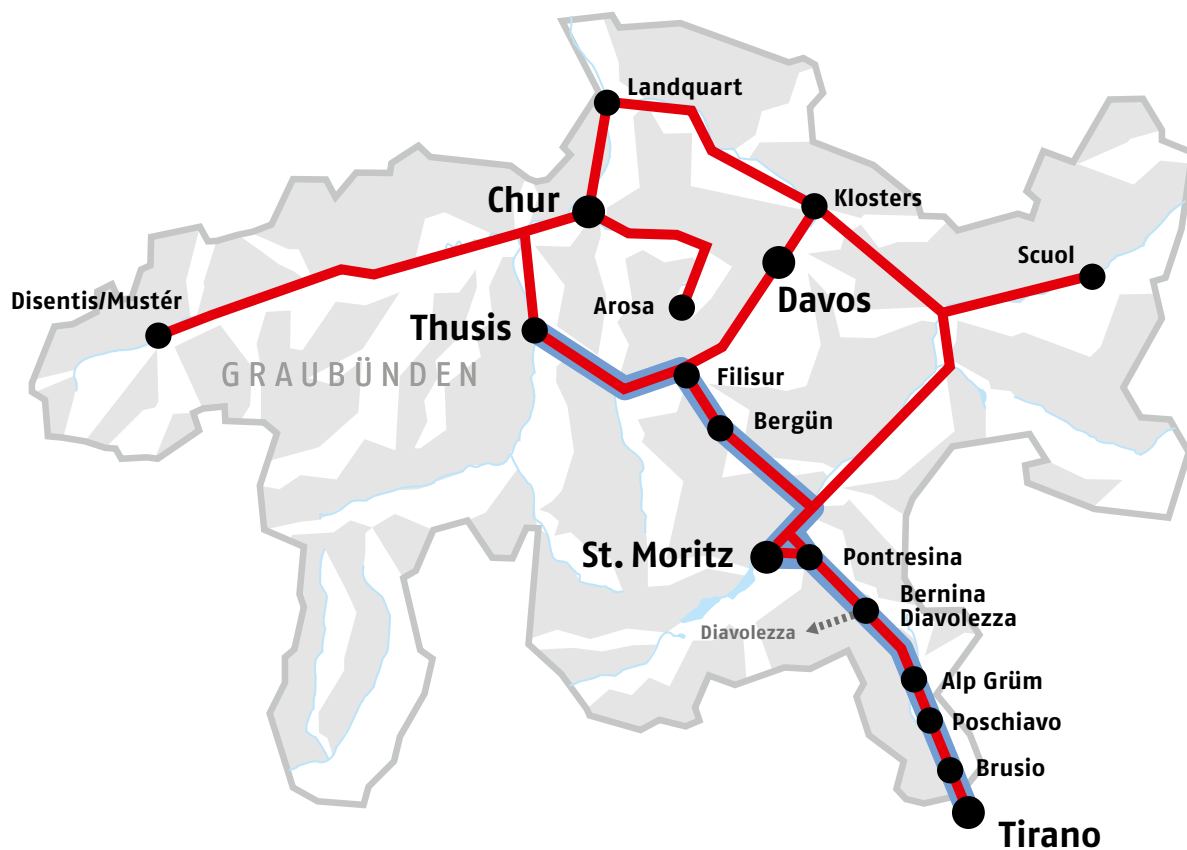

### The Solis Viaduct

At a height of 85 meters it is the highest viaduct on the Albula Line. The Solis Viaduct bridges the Schin Gorge and is also part of the UNESCO World Heritage.

# Railway experience world

## The fascination of travel

### **Alp Grüm Experience train** **Purely idyllic railway**

Our Bernina Line vintage composition is running return trips between Poschiavo and St. Moritz via Alp Grüm twice a week from 13 July to 11 August.

[www.rhb.ch/erlebniszug-alpgruem](http://www.rhb.ch/erlebniszug-alpgruem)

### **Graubünden Round Trip** **Rail Safari through Graubünden**

Climb aboard for a day at your own whim on a large or small round trip in the largest Swiss canton – on an enjoyable hunt for the best pictures and the most beautiful experiences.

[www.rhb.ch/rundfahrt](http://www.rhb.ch/rundfahrt)

### **Culinary pleasure trips**

Traveling makes you hungry. As the breath-taking landscape outside passes by, we serve your culinary highlights aboard the train.

[www.rhb.ch/gourmet](http://www.rhb.ch/gourmet)

### **Rhine Gorge experience train**

Train passengers, hikers and river rafters make their way through the Rhine Gorge – and now you can do the same aboard the Rhine Gorge Experience train.

[www.rhb.ch/experiencetrain](http://www.rhb.ch/experiencetrain)

### **Steam and nostalgia trips**

Using the powerful combination of fire and water the RhB steam engine pulls charming vintage trains through the extensive Graubünden region.

[www.rhb.ch/steamtrains](http://www.rhb.ch/steamtrains)

### **Full moon trips**

Everything comes to light: our special moonlit trip starts in St. Moritz and runs past the gleaming, eternal ice of the Morteratsch glacier and at Lago Bianco as far as Alp Grüm.

[www.rhb.ch/fullmoon](http://www.rhb.ch/fullmoon)

### **Ride in the driver's cab**

Surely every railway enthusiast's dream: to ride in the cab of an RhB locomotive, accompanied by a knowledgeable specialist, through the Albula Valley or over the highest railway line in the Alps, the Bernina Line.

[www.rhb.ch/driverscab](http://www.rhb.ch/driverscab)

### **Two-day rail cruise** **"GLACIER-PULLMAN-EXPRESS"**

The crocodile locomotive pulls an historic train composition from St. Moritz to Disentis. Guests spend the night in Andermatt and the next day the journey continues to Zermatt.

# Historical train

## Daily between Davos Platz and Filisur

From 13 May to 29 October 2023 you have the unique daily opportunity to travel from Davos to Filisur and back on a historical train compilation from the 1920s. In not quite 40 minutes your trip will take you through the ruggedly romantic Zügen Gorge, over the famous Wiesen Viaduct to Filisur. This is also home of the Landwasser Viaduct. This viaduct marks the heart of the famous RhB Albula Line and is a UNESCO World Heritage Site.

The nostalgic railway coaches and open scenic carriages will be pulled by the legendary cult "Crocodile" locomotive Ge 6/6 414 in alternation with the locomotive Ge 4/4 I (BoBo 1).

The historical train will be running between Davos Platz and Filisur twice a day in each direction according to the timetable.

Davos Platz – Filisur			
Davos Platz	ab	10.18	15.18
Davos Frauenkirch	ab	10.24	15.24

# Open scenic carriages

## Reaching out to touch the sky

All the carriages of the Rhaetian Railway provide a heavenly travel experience. But it's twice as much fun in the open scenic carriages: wind in your hair, fresh mountain air and pure enjoyment are all included in the open-topped trip over viaducts and through tunnels. The open-air carriages have neither glazing nor heating. But they give you the feeling that you could reach out and touch the landscape of Graubünden, unless you are turning your rounds in the helical tunnels.

[www.rhb.ch/open-scenic-carriages](http://www.rhb.ch/open-scenic-carriages)

Open scenic carriages are in use on the following routes:

### Davos – Filisur

Usually daily from 13 May to 29 October 2023 with Crocodile-locomotive and nostalgic wooden and open scenic carriages.

### Bernina line

Daily from 26 June to 3 September 2023 in selected trains between St. Moritz and Tirano on the UNESCO World Heritage route.

### Arosa line

Every Saturday and Sunday from 29 May to 29 October 2023 on selected trains on the Arosa Line.

### Rhine Gorge Experience Train

From 22 April to 29 October 2023 with the Rhine Gorge Experience Train in open scenic carriages Landquart to Ilanz.

# Gornergrat

## The Matterhorn railway

### Best view to the Matterhorn

Visitors wishing to get to know the nicer side of the Alps will soon appreciate what makes Gornergrat special: it has no road access. With its sunny observation platform open all the year round, Gornergrat is a top excursion destination – and not just because of its high altitude. Surrounded by no fewer than twenty-nine Viertausender (mountains of at least four thousand metres in height), including the tallest peak in Switzerland and the second-longest glacier in the Alps, this location offers spectacular panoramic views like no other, plus convenient access to the Matterhorn Mountain Railway. This line, which is Europe's highest-altitude, open-air rack railway, departs from the famous spa town of Zermatt in Switzerland's Wallis region, from where it makes the 9,339-metre-long trip to Gornergrat. The ride takes you over impressive bridges and through deep cuttings and tunnels, and offers views of idyllic forests and Alpine meadows, interspersed with rocky gorges and mountain lakes. The majestic presence of the mighty Matterhorn looms in the background throughout the journey.

### The new and exciting Zoom experience on the Gornergrat:

Float with a virtual hang-glider over the high alpine landscape, experience the powers of nature and the four seasons on the Matterhorn. Or even look through a digital telescope and bring the real Matterhorn right into focus. The new experience world offers all this and more. Guests will have their admission to it included in their Gornergrat train tickets. Other visitors can buy an admission ticket on the spot for CHF 12.00 (children up to 16 CHF 9.00).

# General terms and conditions of carriage

applying to express trains, special trains, special carriages, special offers and travel packages

These general terms and conditions of carriage (hereinafter "the terms and conditions") regulate the contractual relationship between users of the Rhaetian railway company Rhätische Bahn AG (hereinafter "RhB") for travel arrangements or services supplied by RhB in its own name or via a third party or parties. Passengers can be either private individuals or legal entities, in the form of tour operators, which book travel on RhB or act as intermediaries on their own behalf or that of third parties. These terms and conditions have been drawn up in several languages, but only the German-language version shall be binding.

In the case of services for which RhB acts as an intermediary, the terms and conditions of the organisation actually supplying the services shall apply, and the passenger shall have a direct contractual relationship with the organisation concerned. This condition applies in particular to, but shall not be limited to, all services that are paid for on a walk-on basis, including those where RhB offers a discount on the normal price or fare.

## 1. Legal effect

The contract between the passenger and RhB comes into effect with its acceptance, without reservation, by RhB. In the case of telephone bookings, the contract comes into effect with its oral confirmation on the part of RhB. Services booked over the internet are confirmed with the corresponding payment. All additional individual instructions and conditions that might apply likewise form part of the contract, and come automatically into effect for the travel booked. These additional individual instructions and conditions take precedence over the existing terms and conditions. Special requests and additional agreements only apply if they have been expressly confirmed, in writing and without reservation, by RhB.

## 2. Group travel

The fare regulations of allianceswisspass shall apply to group travel undertaken on trains or relating to offers other than those detailed below. The person reserving travel shall be responsible for the payment of all services booked, for ensuring that all accompanying passengers fulfill the applicable conditions of carriage as detailed in these terms and conditions, and for ensuring that they follow all and any special instructions that might be issued by RhB or other suppliers of services.

## 3. Minimum numbers

Journeys advertised as "RhB travel experiences" (steam-driven snowplough rides, trains drawn by steam locomotive, etc.) are subject to there being a minimum number of passengers. If there is not a sufficient number of passengers, RhB reserves the right, up to 14 days before the date of travel and without being liable for loss or damage, to cancel or amend the programme of travel. The passenger is then free to accept the new itinerary or withdraw (at no cost) from the contract.

## 4. Travel to point of departure

If the package does not include travel to the point of departure, passengers are responsible for ensuring that they arrive promptly. No refunds can be made in the event of lateness caused by traffic conditions, blocked roads, delays by private or public transport, delayed arrival, weather conditions etc.

## 5. Fares and prices – conditions of payment

The services supplied on express trains, special trains, special carriages and as part of special offers or travel packages are as shown in the corresponding brochures and on tickets. An administration and postage charge of CHF 10.00 (Switzerland) or CHF 20.00 (elsewhere) shall apply to packages and general services (for the despatch of seat reservations, tickets, etc.). Services are normally payable in advance by invoice, credit card or in cash. Other means of payment are possible only subjected to special agreement. The person reserving travel shall be responsible for the payment of all services booked. All fares and prices include value added tax (VAT). If the terms of payment are not observed, RhB may refuse to supply the services booked, withdraw from the contract and/or charge for the costs of cancellation.

### 5.1 Costs of cancellation

The passenger must inform RhB immediately of any amendments to the travel itinerary and/or the number of participants as well as the cancellation of the trip. If definitely-booked services are not partially or fully cancelled in good time (defined for the purpose of calculating cancellation costs by the date of receipt on the premises of RhB), the cancellation costs detailed below will be charged. The date of cancellation and/or change shall be defined as the date of receipt of written notification on the premises of RhB (or the following working day, in the case of arrival on a Saturday, Sunday or public holiday).

Decisive in calculating the cancellation fees is the travel date.

#### Bernina Express:

Cancellation of a group reservation	
Up to 30 days before date of travel	free
29 to 14 days before date of travel	CHF 500.00 per group*
13 days before date of travel or if the group does not report to the departure point	100% of the official fare, including supplements

Reduction in number of participants	
Up to 30 days before date of travel	free
29 to 14 days before date of travel	CHF 25.00 per person**
13 days before date of travel or if the group does not report to the departure point	100% of the official fare, including supplements

\* If the official fare (including supplement) is less than CHF 350.00, the official fare (including supplement) shall apply. Maximum costs are applied for each train booked.

\*\* If the official fare (including supplement) is less than the amount of the reduction, the official fare (including supplement) shall apply.

A fee of CHF 500 will be charged when changing the date of travel or changing the booking of the entire group from one Bernina Express train to another Bernina Express train.

Changing the booking from one Bernina Express train to a regional train is subject to the same costs as for a group cancellation.

#### 5.1.1 Cancellation of reservation

Changes to services carried out after the receipt of confirmations are liable to a minimum charge of CHF 120 per change. If the entire package is cancelled after receipt of confirmation, the following cancellation charges shall apply:

Cancellation of reservation	
Up to 61 days before date of travel	CHF 500.00* for special carriages CHF 2000.00* for special trains
From 60 days before date of travel	20% of the official fare *
From 20 to 10 days before date of travel	50% of the official fare *
From 9 to 5 days before date of travel	80% of the official fare *
From 4 to 1 day before date of travel	90% of the official fare *
On day of travel, or if the group does not report to the departure point	100% of the official fare *

\* Subject to a minimum of CHF 500.00 for special carriages and CHF 2000.00 for special trains, plus any additional fees that might be charged by individual service providers.

## 5.2 Changes to offers and prices

RhB expressly reserves the right to amend the offers and passenger fares published in its brochures, leaflets and flyers, and via electronic media. Passengers will be informed of these changes whenever they make a booking.

### 5.2.1 Changes after booking and before the date of travel

RhB shall be entitled to change the itinerary in the event of force majeure, unforeseen circumstances, or situations beyond its control. The additional costs resulting are to be met by passenger(s) concerned, unless the change is attributable to negligence on the part of RhB. In the case of packages subject to the Swiss federal law covering travel packages (PRG), the stipulations of article 12 ff shall apply.

### 5.2.2 Changes made during travel

RhB shall be entitled to change the itinerary in the event of force majeure, unforeseen circumstances, or situations beyond its control. The additional costs resulting are to be met by passenger(s) concerned, unless the change is attributable to negligence on the part of RhB. In the case of packages subject to the Swiss federal law covering travel packages (PRG), the stipulations of article 12 ff shall apply.

### 5.2.3 Cancellation or interruption to travel on the part of RhB

RhB shall be entitled to cancel or interrupt travel without compensation if behaviour or actions on the part of passengers provide legal grounds to make such a measure necessary. The right to charge the above-mentioned administration or cancellation fees remains unaffected. No refund will be payable for parts of the package not yet supplied in the event of cancellation. RhB shall be entitled in particular to cancel or interrupt travel in the event of unforeseen circumstances or situations beyond its control: breake, force majeure (environmental factors, natural disaster, etc.), official measures, strikes, etc. which hinder, endanger or prevent travel. If travel is cancelled by RhB before it begins, RhB shall refund all payments already made, to the exclusion of all and any further claims on the part of the passenger or passengers. If travel is interrupted, a refund will be made for all services not yet supplied, other than services charged to RhB by outside service suppliers. The right is expressly reserved to charge for additional costs arising from interruption of travel. Travel packages are subject to article 13.

## 6. Claims / complaints

If travel does not conform to the contractual arrangements, or if a passenger suffers loss, damage or injury of any kind, the nearest member of RhB staff should be notified immediately and assistance requested. The passenger should obtain correspon-

ding written confirmation from the member of RhB staff concerned. This is vital for the subsequent processing of any official complaint. Local members of staff are not authorised to adopt any position on behalf of RhB regarding claims or complaints. All claims for partial refund and/or loss or damage, etc. must be made in writing within 14 days in accordance with the contractual travel or package, accompanied by the corresponding written confirmation made by the local member of RhB staff and any other applicable evidence, and submitted to the Rhaetian Railway at the following address: Rhätische Bahn AG, Bahnhofstrasse 25, 7002 Chur, Switzerland. If the loss or damage is not confirmed in writing by a local member of RhB staff, or submitted to RhB within 14 days of the end of the journey concerned, the passenger shall lose all further right of redress.

## **7. Travel documentation**

Passengers are responsible for ensuring their own correct observance of passport and visa regulations. This applies in particular to travel outside Switzerland (e.g. to Tirano or Landeck). The conditions covering cancellation costs shall apply if the required travel documentation (passport, visa, etc.) is delayed or not issued and travel must be cancelled or delayed as a result.

## **8. Insurance coverage**

Travel packages do not include insurance coverage. Passengers are recommended to take out baggage, accident and cancellation insurance.

## **9. Liability**

### **9.1 General conditions applying to all RhB packages**

RhB undertakes to organise travel in accordance with the agreed itinerary and/or timetable. Even with careful organisation of travel arrangements however, absolute adherence to timetables cannot be guaranteed. RhB shall therefore not be liable for delayed or cancelled trains or similar incidents. Passengers are responsible for the correct safekeeping of valuables such as photographic equipment and video cameras, credit cards, cash and electronic communications devices (mobile phones, PDAs, etc.) and RhB shall not be liable for any damage to or loss, theft or misuse of such items. RhB shall not be liable for failure to fulfill contractual arrangements or for loss or damage arising from any of the following circumstances:

- ▶ Unforeseen arising or unavoidable omissions by third parties not concerned with the delivery of the contractual services.
- ▶ Force majeure or circumstances unforeseen by or beyond the control of RhB or its service providers–

The transport organisations concerned shall be directly liable to the legal extent specified.

If RhB is liable for loss or damage arising from contractual negligence on the part of one of its service providers, the aggrieved party shall transfer to RhB its right to claim against this organisation.

### **9.2 Additional stipulations applying to all arrangements not covered by the Swiss federal law covering travel packages (PRG)**

The RhB shall be liable for its own gross negligence. No liability shall be accepted for own minor negligence or that of the service providers concerned.

### **9.3 Additional stipulations applying to arrangements covered by the Swiss federal law covering travel packages (PRG).**

RhB shall be liable in accordance with the stipulations of the Swiss federal law covering travel packages (PRG). If the services supplied by RhB are subject to international agreements or national laws of any kind which further limit or exclude liability, RhB shall be liable to the corresponding extent of such agreements and laws. Liability for other loss, damage or personal injury shall be subjected to twice the package price per person, unless attributable to willful intent or gross negligence.

This does not affect further limitations or exclusions that might apply in accordance with international agreements and national laws.

Non-contractual liability shall be subjected to the applicable legislation with the liability of RhB limited to its own gross negligence. Liability for the intervention of outside services providers is hereby excluded.

## **10. Legal jurisdiction**

Exclusive legal jurisdiction corresponds to the town of Chur in Switzerland. The contractual relationship between the passenger and RhB is subject exclusively to the laws of Switzerland.
